

Film bags

NNZ supplies the complete range of film bags for all current and imaginable applications in the potatoes, vegetables and fruit sectors. These are largely in the form of single bags for hand or semi-automatic filling but also on rolls for use in horizontal packaging machines. Bags are available in various thicknesses, sizes, types and with

special treatment such as micro and macro perforations and anti-fog coating. Plain or printed in up to 8 colours.

Whatever you may want NNZ can supply it from one of our branches in Europe, super-fast and with consistent quality. And if it doesn't already exist NNZ can develop it.
