

FolioFresh® packaging film

FolioFresh® is the brand name used by NNZ for a comprehensive range of shrink films, stretch films, flowpack films, films for vertical packing and laminated products. Films for flow packing, vertical packing or top sealing. Films for vacuum forming and vacuum packaging. Barrier films and films with micro perforation, macro perforation,

laser perforation and anti-fog. NNZ can supply films suitable for all sorts of different products so that the best possible packaging can always be achieved.

Thanks to NNZ's network of 16 branches spread across Europe, short delivery times and constant quality are guaranteed.
